My exposures of Bryan's deals with the negro leaders and with saloon interests of Maine, Indiana and Ohio are hurting the peerless.

"Their deals are disgraceful and ought to be exposed,
"As to Pettigrew, I shall not notice him further than to say that If anybody ever offered him \$10,000 for ten speeches on any earthly subject, the man who made the offer was more liberally supplied with money than sense, in 1904, I made my campaign for the principles which the presidential ticket of Bryan and Watson advocated in 1896.

Bryan had deserted these principles

The principles which the presidential licket of Bryan and Watson advocated in 1896.

Bryan had deserted these principles and had gone over to the gold standard men. The Populists called upon me to take the Jeffersonian propaganda where Bryan had left off, and I did so; Republican money had nothing to do with it.

"Whether the Roosevelt managers gave financial aid to those who managed the Populist campaign, I neither know nor care. Everybody who knows a thing about it is well aware of the fact that the campaign funds of both the old partles came from practically the same source.

"Bryan well knew that the Parker campaign fund of 1904 was raised by the Wall Street element of his party. It was the money of Ryan and Belmont which paid for the luxurious special train employed by Bryan in his campaigning for Parker. According to Bryan himself, the source of the campaign fund of Judge Parker was certainly not less tainted than was that of the campaign fund of Roosevelt Bryan's own brother and brother-indaw got \$15,000 of the Parker funds and violated the law of Nebraska by their failure to render an account of what went with it. That \$15,000 came from August Belmont and Thomas F. Ryan, and although Bryan said that he would refund the money, he has not done so.

"Before Bryan fires off his man Petigrew at me again, he had better do one of two things—wither discovers of two things—

Go. we find that it has preserved only dootries, viz., a tariff for revenue only, free trade, and that it has put on our ute books only one law, and that as a fee trade law as it was possible to through both houses of Congress. That nutshell is the Democratic record and Democratic character. We need to make the property during the same years to ascertain for what it stook we can take up the record of unpilshments. We learn not only what been advented, but what has been been advented but what has been should be a supported by the same years and the presistently has so consistently as the second of the support of the same years. The same years are presistently has so consistently as the second of the same years are proposed to the same years. Longworth said that it were the surely separent that it would mean the ponement of tariff revision for at least years.

Years, nator Smith devoted his attantion large-; a comparison of the achievements of Republican and the Democratic parties,

DUBOIS FACTION BEATEN

Names on Ticket.

BOISE, IDAHO. September 25.—The three supreme Court to day decided in avor of the anti-Dubois faction, the ontest between the two factions of the bemocratic party, denying a petition or a writ of mandate filed by Attorieys for the Dubois faction to compel he Secretary of State to certify to ounty clerks the ticket nominated by hat faction at the convention at Walace, Idaho.

lace, Idaho.

The effect of this action will be to place on the bailot at the November election on the telest nominated by the faction opposed to Senator Dubois and headed by Moses Alexander, of Boise, for Governor, and Judge C. D. Stocknigger, of Halley, for United States Senator. Unless the Dubois faction puts an independent ticket in the field, the Mormon question will not be an issue in this campaign.

HUGHES IN INDIANA

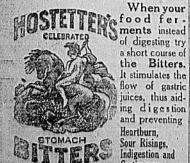

Given Herrity Welcome, and Speaks to Great Crowd.

SOUTH BEND, IND., September 28.—
Geverner Charles E. Hughes, of New York, opened the Republican campaign in South Bend to-night, speaking to one of the largest crowds ever assembled at the big auditorium here. Governor Hughes arrived shortly before 8 o'clock, and was immediately escorted to the auditorium by a troop of horsemen and ward marching clubs. As he stepped on the stage he was greeted with an enthusiastic demonstration, in which people kept time to the music of the bands by waving American flags and in cheers for Taff. Roosevelt, Hughes and Watson, candidate for Governor of Indiana.

After paying tribute to the President, the presidential nominee and other candidates, Governor Hughes humediately took up a discussion of the campaign issues, and for nearly two hours held the close attention of the audience. In answer to the question of Bryan, "Shall the people rule?" Governor Hughes said:

"The people have ruled, and they have never had a representative ruler that stood so high in public esteem and justified himself so well as a representative of the people as our present President, Theodore Roosevelt."

this county, entertained the crowd for a few minutes and introduced Mr. Montague, who was greeted with tre-mendous applause by the large crowd present

Montague, who was greeted with tremendous applause by the large crowd present.

Air. Montague was listened to from start toginish with close attention. It was said by all who were competent to judge that his speech was a masterly effort, and caused much enthusiasm among the voters. Mr. Montague is much beloved by the Brunswick people, and he never fails to have a crowd when it is announced that he is to speak. Nearly all of the ladies in town and a good many from the country came out to hear the speeches. Mr. Kelley left via Cochran for Richmond on the 3:30 P. M. train, but Governor Montague remained over until night and shook hands with his many friends here, who were glad to meet him once more. This has been, indeed, a field day for Democrats. Brunswick may be counted on to roll up a big majority for the Democratic ticket.

Most Treatments for Rheumatism Are Experimental

It is unnecessary to tell the sufferer from inflammatory rheumatism that the ordinary treatments

Physicians are not of one mind on the subject but the highest authorities hold that rheumatism is a disease of the blood. All admit that in attacks of rheumatism there is a marked and rapid thinning of the blood. This is a condition that a treatment with Dr. Williams' Pink Pills at once arrests and corrects. The thin blood is enriched, the strengthened organs of the body throw off the poisonous impurities and the patient gets well.

With the fact in mind that the rheumatism is in the blood, it will readily be seen how useless it is to try to cure it by rubbing liniments on the skin. External applications may give temporary relief from pain but to cure rheumatism you must treat it through the blood. Dr. Williams' Pink Pills have cured hundreds of cases of rheumatism and no sufferer should allow any prejudice to stand in the way of giving these pills a thorough trial.

Dr. Williams' Pink Pills are sold by all druggists, or will be mailed, postpaid, on receipt of price, 50c. per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

BANKERS OPPOSE

Savings Bank Section Adopts Resolutions Strongly Condemning the Scheme.

DENVER, COL. September 28.—As a forerunner of the annual meeting of the American Bankers' Association, secthe American Bankers Association, section meetings were held to-day. The most important discussion in the savings bank section occurred at the arternoon session, when the questions of postal banks and guaranty of bank deposits were taken up. While it was evident that the sentiment was almost unanimous against postal savings and overwhelmingly against the guaranty idea, a respectable minority tried to prevent action on the latter question, contending that it was a matter for the convention of all the members of the association to decide.

Oppose Guaranty of Deposits.

John Schuette, of Wisconsin, was the only speaker in favor of the guaranty of bank deposits. He opposed the establishment of postal savings banks on the ground that the system would establish 18,000 banks in the country to compete with the present banks.

Former Governor Governor Myron T. Herrick, of Ohlo, offered a resolution opposing the guarantee of bank deposits on the ground that any plan or scheme to make banks responsible for taxation or assessment for the acts of one another, or to connect them with the national banking system is economically unsound in principle, confiscatory in form and inimical to the best interest of depositors, stockholders and borrowers." The resolution continues:

"It is a specious form of paternalism and socialism. It would tend to encourage speculation and an undue expansion of credit. Therefore, be it, "Resolved, That we enter the most solemn protest against enaction into law either by States or the nation of any principles so subverse to sound economics and so revolutionary in character."

After a heated debate, C. R. Brecken-ridge, of Fort Smith, Ark., offered a substitute to the effect that action on the resolution came up before the general convention. This substitute was voted tion meetings were held to-day. The most important discussion in the sav-

down 49 to 32, and the Herrick resolution adopted.

After a discussion of postal savings banks a motion was carried, placing the savings banks as motion was carried, placing the savings banks and asking the support of the American Bankers' Association in this opposition. J. P. Johnson, of Detroit, was elected president of the savings bank section, and William R. Greer first vice-president.

Clearing House Section.

The clearing house Section. Beside the report of Secretary Farnsworth and routine business, there were several addresses, and bank guaranty was also brought up and condemned. E. C. McDougal, Rochester, was elected president; Sol, Wexler, New Orleans, was elected vice-president; Fred E. Farssworth was re-elected secretary. Secretary Farnsworth, in his report, says; For many years the lines of work laid out by the conference of clearing-houses, established in +1875, and organized as a section of the American Bankers' Association in 1905, were embodied in the following resolution, which was passed at the first meeting;

"Resolved, That the practice of charging exchange for the handling of out-of-town liems is just and proper and within the scope of legitimate banking; therefore, all bankers, both city and country, are entitled to roceive the benefits of the same."

You are all agreed that the banks of the United States are doing an enormous amount of business without compensation; that you are not setting what rightfully belongs to you, and that by concerted action you could accomplish the object for which this section was originally organized, but of necessity, the ovil being so deep-rooted, it will take years to overcome.

Since my list report seventeen clearing-house have joined the section. There are now 159 clearing-houses in the United States; ninety-five members of this section and sixty-four non-members.

DECLARES THE BIG CITIES
ARE INCUBATORS OF CRIME

BEERSFORD, S. D., September 28.—
"New York, Washington and Chicago are the incubators of crime in this country," declared Eugene W. Chain, Prohibition candidate for President before a large audience to-night. "Through the encouragement of the liquor traffic at these places the official stamp is put on crime. It is from their that the so-called white slave traffic spreads throughout the country. Official figures show that every twenty-four hours this traffic claims 170 girls, if I am elected President, the first thing I will work for will be a dry Washington. Then I'll clean out New York and Chicago. That will put an end to the white slave traffic."
